You spend your days arranging travel details or planning events - and now all your hard work is about to pay off. With SPG® Pro, you can earn Starpoints for the travel you arrange for others and the meetings you plan professionally, right within your personal account.

You'll also get credit toward elite status for the eligible meetings or events you plan and all the travel you book for others. Plus, you can manage everything - both business and personal - from a single, simple account.

How to Earn

Join the SPG® Pro program and every meeting or event you book at eligible hotels earns you **Starpoints®** - one for every US \$3 of eligible group revenue, less taxes, surcharges, gratuities, to a maximum of 20,000 Starpoints per contract. Eligible revenue is defined as:

- Guest room revenue, less incidentals, for all rooms in the room block, regardless of whether the rooms are master-billed or attendees pay own charges
- Food and beverage revenue
- Meeting room rental
- Access special offers to increase your Starpoint-earning potential for future groups.

As a member of SPG® Pro, you're also a **Starwood Preferred Guest®**. Use the same member number to book for business or pleasure, and the Starpoints will accumulate together.

How to Redeem

Access your account online by logging into SPG Pro or SPG.com to view transaction history and redeem Starpoints. Choose from a comprehensive list of awards including:

- **Free Night Awards:** Starpoints are redeemable for free nights at more than 1,000 hotels around the world with no blackout dates or restrictions.
- **Instant Meeting Awards:** Redeem Starpoints on the spot for a credit on your master bill (see more information below).
- **Continuing Education:** Redeem your Starpoints toward materials, membership fees, or gift certificates for industry organizations such as Meeting Professionals International and Professional Convention Management Association
- **Charitable Contributions:** Donate Starpoints to one of SPG's partner charities.

Instant Meeting Awards

As a Starwood Preferred Planner, you can use the Instant Meeting AwardsSM benefit to receive a credit on your master bill. Plan a dinner for your staff, wow special customers with delicious entrées, hold an unforgettable reception or conference—all while using your Starpoints[®] as currency.

Once you plan your event through the sales and catering office and sign a contract, you can redeem Starpoints for Instant Meeting Awards. The minimum number of Starpoints redeemable per meeting or event is 15,000 (a \$200US credit) and the maximum number is 112,500 (+a \$1,500US credit). After the minimum redemption of 15,000 Starpoints, Instant Meeting Awards are then redeemed in increments of 7,500 Starpoints.

STARWOOD HOTELS GROUP PROGRAMS

Starwood Hotels has created programs to assist meeting planners in managing their room blocks and attaining their minimum number of room nights in order to avoid any attrition penalties.

StarGroups Customized Event Websites

When you book your next meeting with Starwood, you may have a customized event website with our compliments. Our template allows planners to add specific event information, logos and messages, and allows attendees to book their own room reservations, learn about the hotel and download any necessary documents uploaded by the planner.

Your StarGroups website will come with a unique URL you can give to attendees, plus:

- Your logo, images, and marketing messages
- Event and destination details, including transportation, dining, and weather
- A guest room-booking tool, with instant e-mail confirmation for attendees
- Secure, real-time reporting tools for the planning (See Reservation Connect and Reservation Crosscheck)

Reservation Connect

Reservation Connect allows you to manage your own attendee reservation details, automatically upload rooming lists through a formatted template directly into a hotel's Reservation System. The template is kept at a secure website offering maximum personal information security.

Advantages include:

- Eliminates manual entry of rooming lists for error-free reservations
- Fast upload – 1000 reservations can be transferred in 15 minutes
- Improved attendee satisfaction with more accurate reservations
- Property room lists and confirmation can be provided to the meeting planner on a timely basis
- Instantaneous e-mail confirmations directly to the delegates

Reservation Crosscheck

Reservation Cross Check enables meeting planners and hotels to quickly compare event registration lists with an in-house guest room reservation list. Through the tool, organizers

can see their real-time room block performance including room nights, cancellations and total associated revenue. When the event concludes, planners can also reconcile hotel billing using this tool.

eMenus

eMenus give you direct access to a hotel's banquet and catering menus via the web and real time food and beverage selections on property. eMenus are also more environmentally friendly than paper menus and eliminate large e-mail attachments often caught in spam filters. At some Starwood hotels, you can also use eMenu Customer Order Center to place your catering order and manage food and beverage lists from hotel to hotel.

Search for specific properties to view their menu options, or ask a Sales Associate for more details.
